MPower for Motor Driver, zones
MPower for Motor Driver, zones
USB Pwr input
VCCPower for Motor Driver, w/ zones
I2C Comm
U1
Teensy3.2
U2
Teensy3.2
U3
Teensy3.2
U4
Teensy3.2
Goals:
Power:
Power<-PowerSupply
Power->Zones
Power->Motor Driver Boards:
Power->Encoders
Fuse to prevent Overheating
Comms:
Connect I2C of MCU, MotorDrivers and backup for old boards
Connect Encoder Output to MCU
LED indicator for Encoder
LED on 2 different power up
Mounting
Mount for Moto Driver, for teensy 3.2and3.5
Mount holes for pcb
